

CELLTECH

CellTech 25' 6" Heavy Duty Enclosed Trailer

Stock #: 002539

Galvanized Steel Construction • Patented CellTech Panels • 3,000 lb Integrated Ramp • 10 Year Warranty

The CellTech enclosed trailer is built for commercial users who need long-term durability, corrosion resistance, and a professional-grade interior setup. Its fully hot-dip galvanized heavy-wall tubular steel frame and patented galvanized honeycomb steel panels are designed to stand up to hard daily use, while integrated wall tracks make it easy to add shelves, cabinetry, work benches, and other job-specific storage. With a 3,000 lb capacity integrated ramp and standard side door, this trailer is well-suited for wheeled equipment, mobile service work, tools, and commercial hauling.

STANDARD FEATURES

- Heavy-wall tubular steel frame, fully hot-dip galvanized
- Patented CellTech galvanized honeycomb steel panels
- No exposed steel, with galvanized coatings and powder-coated finishes
- Interior and exterior can be power washed with no risk of rust or corrosion
- 1,000 lb distributed roof load capacity
- Integrated wall tracks for shelves, cabinetry, work benches, and more
- Integrated rear ramp with 3,000 lb capacity
- Standard side door
- Hot-dipped galvanized 80ksi steel panel skins with anti-corrosion primer and poly topcoat
- Hot-dipped galvanized steel core bonded with toughened structural adhesive
- Built for heavy commercial use with a 10 year warranty
- Made in the USA
- Patented CellTech panel construction
