

CUSTOMER REVIEWS

"The technicians love the extra space and the ability to load heavy compressors on top of the tool boxes and still have cargo space in the bed of the truck. These are heavy duty tool boxes and they love them. Ready to order another one for the new truck we are picking up tomorrow." ~Kim S. from Cypress, Tx

"In my business, any tool or piece of equipment that isn't heavy duty doesn't last very long. Heavy duty seems to be something to say just to sell something. This bed box from Rimrock is definitely heavy duty and it's built from structural steel stock and plate... A friend of mine said he'd been looking at vehicle tool box systems and when he saw my Rimrock box he noticed how sturdy the fabrication was in comparison to the competitors. And for a better price!" - Brent A., Dallas, Tx.

Truck Bed Storage Toolbox

Our Bed Boxes sit between the wheel wells and are 6 inches tall giving you plenty of storage space on top. The drawers pull out at waist level saving any extra strain on your back. The drawers are 4 inches deep giving you plenty of room for your drills, grinders, etc.

Above: Custom Fuel Tank and Bedbox combo, complete with custom paint to match truck.

Bed Box Features:

- Metal interior/exterior
- Readily available in black or white (Custom color orders are welcomed)
- Easily lockable
- Double sealed ball bearings provide for friction free drawer opening.

- Drawer load is up to 400 pounds
- Top load is 4000 distributed pounds
- Drawers are pre-divided for better organization of your tools
- Socket holders optional

- Weatherproof
- Offered in 4ft, 5ft, 6ft and 8ft bed boxes. All sizes are also available with the gooseneck hitch.
