BENEFITS

▪ Exclusive to Tuff Truck

- Superior quality and durability from fully welded aluminum compared to our competitors' lower quality welded versions
- Weight is further reduced by the crossmemberless design
- The underside doesn't collect road and job site debris because of the crossmemberless design
- Mounting height is reduced by 4", which means a lower center of gravity and installed bed height due to crossmemberless design
- Added frame protection plus reduced vibration and noise because of the proprietary EX2 long still rubber cushion insert
- Fast and easy installation with quick mount design
- Reduced fuel costs from bodies that weigh 50% less than steel
